Roberta,

Attached is my rewrite of the main "response" used in the draft Ag RTC document. I think the broad additions provide a little more strength in what we are trying to say here. Little of what I added is new; it can be found in the Dec. 2013 proposed decision document.

I will be working on the revising other paragraphs based on your comments but I do want to talk with you before hand.

I will give you a call when I get in Monday morning.

Hope you have (had) a fun Halloween.

Alan
